A social network where everyone can be friends, share thier images and videos of moments in life. Written in React.js, Node.js, Express.js, MongoDB used Material design.

Profile

I have graduated from Can Tho University in February 2021. I enjoy web development when I was a 2nd-year student. I have found many documents and courses in web development and learning it myself. My favorite programming language is Javascript. I am continuing to learn the frameworks of this programming language to become a full-stack web developer.
I am looking for a job that can help me gain more experience, improve my web development skills, teamwork, and
